**Statement of intent**

This section outlines the purpose of this document in relation to our centre.

Statement of Intent
<p>This section provides details of the purpose of this document, as appropriate to our centre:</p> <p>The purpose of this policy is:</p> <ul style="list-style-type: none"><li>• To ensure that teacher assessed grades are determined fairly, consistently, free from bias and effectively within and across departments.</li><li>• To ensure the operation of effective processes with clear guidelines and support for staff.</li><li>• To ensure that all staff involved in the processes clearly understand their roles and responsibilities.</li><li>• To support teachers to take evidence-based decisions in line with Joint Council for Qualifications (JCQ) guidance.</li><li>• To ensure the consideration of historical centre data in the process, and the appropriate decision making, in respect of teacher assessed grades.</li><li>• To support a high standard of internal quality assurance in the allocation of teacher assessed grades.</li><li>• To support our centre in meeting its obligations in relation to equality legislation.</li><li>• To ensure our centre meets all requirements set out by the Department for Education (DfE), Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.</li><li>• To ensure the process for communicating to candidates and their parents/carers how they will be assessed is clear, in order to give confidence.</li></ul>

## Roles and responsibilities

This section of our Centre Policy outlines the personnel in our centre who have specific roles and responsibilities in the process of determining teacher assessed grades this year.

### Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre:

#### Board of Trustees

- The Curriculum and Quality Committee of the Board of Trustees is responsible for approval of the Centre Policy.

#### Head of Centre

- Our Head of Centre, Mr R Gammon, will be responsible for writing our policy for determining teacher assessed grades and is also responsible for the identification and application of all relevant assessment policies and procedures.
- Our Head of Centre has overall responsibility for The King's School as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

#### Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will:

- provide training and support to our other staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the JCQ.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Head of Department Checklist is completed for each qualification that they are submitting.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades.

#### Teachers/ Specialist Teachers/Special Educational Needs Co-ordinator (SENCo)

Our teachers, specialist teachers and SENCo will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the JCQ, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.

- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- have regard to the Assessment Record for their subject and ensure that any necessary variations for individual students are recorded.
- provide the Exams Officer with all the evidence used to determine a grade for each student they assess.

#### Examinations Officer

Our Examinations Officer will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services with the support of the Senior Leadership Team.
- securely store, and be able to retrieve, sufficient evidence to support justification of the decisions that teachers have made in grading students, once grades have been submitted to the exam board.

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### Training

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Teachers will engage fully with training and support that has been provided by the JCQ and the awarding organisations as appropriate.

### Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- We will provide mentoring from experienced teachers to Newly Qualified Teachers (NQTs) and teachers less familiar with assessment. This will usually be the Head of Department but may be delegated to another experienced teacher.
- We have put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate to include a departmental moderation and standardisation process of all grades awarded.
- Two exceptional school closure days have been designated to allow teachers appropriate time to moderate assessments taken after 19 April and to allow for standardisation of all grading decisions by relevant subject teachers, normally led by the Head of Department.

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: Guidance on grading for teachers.

Use of evidence
<p>This section gives details in relation to our use of evidence.</p> <ul style="list-style-type: none"><li>• Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.</li><li>• All candidate evidence used to determine teacher assessed grades, and associated documentation, will be provided to the Exams Officer before submission of final grades. This will be retained by the Exams Officer and made available for the purposes of external quality assurance and appeals.</li><li>• We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers. The extent of the use of these assessment materials will vary between subjects depending on other evidence available.</li><li>• We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.</li><li>• We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes. The extent of the use of these assessment materials will vary between subjects depending on other evidence available.</li><li>• We will use substantial class or homework (including work that took place during remote learning).</li><li>• We will use internal tests taken by pupils.</li><li>• We will use mock exams taken over the course of study.</li><li>• We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.</li></ul>
<p>We provide further detail in the following areas:</p> <p><b>Additional Assessment Materials</b></p> <ul style="list-style-type: none"><li>• We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.</li><li>• We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.</li><li>• We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete. Any additional assessments will be completed by all students from the same class/cohort during the school's designated Summer Assessment Window.</li><li>• Should a student be absent for any of the summer assessments, they will be provided with the opportunity to sit the assessment during the catch-up window identified at the end of the Summer Assessment.</li><li>• We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.</li></ul>

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

## Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

### Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- The Head of Department will produce an Assessment Record for each subject cohort and will share this with their Senior Leadership Team (SLT) line Manager and the Deputy Headteacher responsible for examinations.
- Teachers will determine an initial grade based on the agreed core evidence recorded in the Assessment Record. The final grade determined will be discussed and agreed in conjunction with other teachers of the course within a department standardisation meeting. Any judgements made in light of additional evidence, including any necessary variations for individual students, will also be discussed, standardised and agreed during the process.
- Any necessary variations for individual students will be recorded and shared with the SLT line manager.

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### Head of Centre Internal Quality Assurance and Declaration

#### Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support from their Head of Department to ensure they take a consistent approach to:
  - Arriving at teacher assessed grades
  - Marking of evidence
  - Reaching a holistic grading decision
  - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre which may be the Head of Department or SLT line manager. In cases where there is only one teacher involved in determining grades, the teacher may work with relevant professionals from another school in order to moderate judgements.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation. These protected characteristics include a student's sex, race/ethnicity, religion/belief, disability status, gender reassignment or sexual orientation.

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts
<p>This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.</p> <ul style="list-style-type: none"><li>• We will compile information on the grades awarded to our students in past June series in which exams took place (2017 - 2019).</li><li>• We will consider the size of our cohort from year to year.</li><li>• We will consider the stability of our centre's overall grade outcomes from year to year.</li><li>• We will consider both subject and centre level variation in our outcomes during the internal quality assurance process with the SLT line manager. This will also take place at the final Head of Centre review meeting with senior leaders prior to grade submission.</li><li>• We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.</li></ul>
<p>This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.</p> <ul style="list-style-type: none"><li>• We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.</li><li>• We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.</li></ul>
<p>This section gives details of changes in our cohorts that need to be reflected in our comparisons.</p> <ul style="list-style-type: none"><li>• We will omit subjects that we no longer offer from the historical data.</li></ul>

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will ensure that these arrangements are in place when summer assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will take this into account when determining the grade.
- We will ask all students to identify any adverse circumstances (special considerations) which may have affected their performance in any assessment that will be used to determine their summer grading.
- Senior Leaders will review requests for special considerations to ensure a consistent approach is taken to the information shared by students. Following this review, a recommendation will be made regarding the special considerations to be applied, having regard to the JCQ guidance.
- Special considerations will be shared with the teacher responsible for determining the grade to be submitted and the Head of Department of that subject.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all Senior Leaders and teachers involved in the process of determining grades have read and understood the document: JCQ – A guide to the special consideration process, with effect from 1 September 2020

## Addressing disruption/differential lost learning (DLL)

### Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Each student has been taught an appropriate amount of content to form the basis for a grade.
- Each department has been asked to identify the assessment evidence that already exists that can form the basis of the teacher assessed grade.
- Additional evidence required to allow the fair and holistic assessment of a student has been identified and appropriate assessments have been constructed using examination board materials. These assessments will be undertaken in assessment conditions during the summer assessment window.
- Teachers have been asked to ensure that all assessments only assess what the students have been taught.
- The assessments relate to the specification content and reflect the sorts of questions and tasks that students would normally undertake in preparation for the qualification.
- The content of the assessments completed during the summer assessment window should, as far as possible, take into account the disruption caused by the pandemic and the time available for preparation.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias; and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed;
- all summer assessments will be marked without teacher knowledge of the name of the candidate i.e. only candidate number will be used to identify the script in the first instance;
- where possible, allowing for subject specialism, teachers will not mark their own teaching group's assessment scripts for assessments completed during the summer assessment window;
- all teachers will undergo training and will confirm they have read the guidance document: Information for centres about making objective judgements;
- internal quality assurance will ensure that there is subject level moderation and standardisation to ensure objectivity; and
- the internal standardisation process will ensure that any additional evidence presented for a student is scrutinised by others involved in deciding summer grading and there is a standardised approach to this process.

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Departments record how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- All relevant information relating to grading decisions will be provided to the Exams Officer prior to submission of grades to the exam boards.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

## Authenticating evidence

### Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Teachers must be confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- Students will be asked to sign a declaration form for any non-examined assessment (NEA) that is considered as evidence for the summer grading, in line with that which is submitted in any normal year.
- Summer assessments will be undertaken with high levels of control.
- Where mock exams are used as evidence for assessment, these will have been undertaken with high levels of control.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.

## Confidentiality, malpractice and conflicts of interest

### Confidentiality

**This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.**

Confidentiality
<p>This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.</p> <ul style="list-style-type: none"><li>• All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades and confirmation of their understanding of this will be collected via an online declaration form.</li><li>• All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.</li><li>• The school will write to all students, and parents, informing them of the evidence on which the initial teacher grading will be based prior to grades being submitted.</li><li>• Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.</li></ul>

### Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

Malpractice
<p>This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.</p> <ul style="list-style-type: none"><li>• Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.</li><li>• All staff involved have been made aware of these policies, and have received training in them as necessary.</li><li>• All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:<ul style="list-style-type: none"><li>○ breaches of internal security;</li><li>○ deception;</li><li>○ improper assistance to students;</li><li>○ failure to appropriately authenticate a student's work;</li><li>○ over direction of students in preparation for common assessments;</li><li>○ allegations that centres submit grades not supported by evidence that they know to be inaccurate;</li><li>○ centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;</li><li>○ failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and</li></ul></li></ul>

- failure to keep appropriate records of decisions made and teacher assessed grades.
- The consequences of malpractice or maladministration as published in the JCQ guidance: JCQ Suspected Malpractice: Policies and Procedures and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

## Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

### Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - General Regulations for Approved Centres, 1 September 2020 to 31 August 2021.
- We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.

## External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

External Quality Assurance
<p>This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.</p> <ul style="list-style-type: none"><li>• The Head of Centre will be responsible for ensuring that all relevant documentation and assessment evidence is provided in a timely manner for the purposes of external quality assurance.</li><li>• All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the JCQ Guidance.</li><li>• All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.</li><li>• All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.</li><li>• Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation.</li><li>• All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.</li><li>• Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.</li><li>• Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.</li></ul>

## Results

This section of our Centre Policy outlines our approach to the receipt and issue of results to students and the provision of necessary advice and guidance.

Results
<p>This section details our approach to the issue of results to students and the provision of advice and guidance.</p> <ul style="list-style-type: none"><li>• All teacher assessed grades will be submitted to examination boards by 18 June.</li><li>• A Level results will be published on 10 August 2021 and GCSE results will be published on 12 August 2021.</li><li>• All staff involved have been made aware of the specific arrangements for the issue of results in Summer 2021, including the issuing of A/AS and GCSE results in the same week.</li></ul>

- Arrangements will be made to ensure the necessary staffing, including exams office and support staff, to enable the efficient receipt and release of results to our students.
- Arrangements will be in place for the provision of all necessary advice, guidance and support, including pastoral support, to students on receipt of their results.
- Such guidance will include advice on the appeals process in place in 2021 (see below).
- Appropriate staff will be available to respond promptly to any requests for information from awarding organisations, for example regarding missing or incomplete results, to enable such issues to be swiftly resolved.
- Parents/guardians have been made aware of arrangements for results days.

## Appeals

This section of our Centre Policy outlines our approach to Appeals, to ensure that they are handled swiftly and effectively, and in line with JCQ requirements.

### Appeals

This section details our approach to managing appeals, including Centre Reviews, and subsequent appeals to awarding organisations.

- All staff involved have been made aware of the arrangements for, and the requirements of, appeals in Summer 2021, as set out in the JCQ Guidance.
- Internal arrangements will be in place for the swift and effective handling of Centre Reviews in compliance with the requirements.
- All necessary staff have been briefed on the process for, and timing of, such reviews, and will be available to ensure their prompt and efficient handling.
- Learners have been appropriately guided as to the necessary stages of appeal.
- Arrangements will be in place for the timely submission of appeals to awarding organisations, including any priority appeals, for example those on which university places depend.
- Arrangements will be in place to obtain the written consent of students to the initiation of appeals, and to record their awareness that grades may go down as well as up on appeal.
- Appropriate information on the appeals process will be provided to parents/carers.
- Any complaints will be managed in line with our Complaints Policy.
