

PLEASE READ CAREFULLY: What you are Giving Consent For in Edulink?

Five consents need to be “checked” in Edulink. This document is explaining what you are giving consent for. Please read it carefully and contact the school if you have any questions. Boxes need to be checked for:

1. Biometric finger print consent (for cashless catering payments)
2. Paracetamol consent
3. Photo consent
4. Agreement to the ICT acceptable use policy (you and your child)
5. Emergency Consent

1. Biometric Finger Print Consent

At The King’s School, we operate a cashless catering system, which has worked successfully over a number of years.

Students have the choice of either paying with a card that contains a contactless chip in to identify students and make payments or their fingerprint as the identification and payment method. The fingerprint stored is not an image. When the finger is scanned in, a long sequence of numbers and letters are stored. These cannot be changed back into an image. Only the number and letter sequence is recognised by the reading machines.

For the past year, we have not used the biometric thumbprint due to the pandemic but it is likely that we will revert to this system when it is safe to do so. In September, all students will be given a card linked to their account but it is likely that we will revert to the thumbprint at some point in the future when it is safe to do so.

As per current legislation, we are operating an ‘Opt In’ policy and therefore require you to “CHECK” the permission box in Edulink. We are required to notify each parent of a child and obtain the written consent of at least one parent before being able to use a child’s biometric information for an automated system. However, consent given by one parent will be overridden if the other parent objects in writing to the use of their child’s biometric information. Similarly, if your child objects to this, the school cannot collect or use his/her biometric information for inclusion on the automated recognition system.

Further information on the biometric system that should address any questions you may have can be found on our website in the Parents / Payments menu

If you give consent to the processing of your child’s biometric information please check the permission box via Edulink. Please note that when your child leaves the school, or if for some other reason he/she ceases to use the biometric system, his/her biometric data will be securely deleted.

2. Paracetamol Consent

On occasions, we are able to administer paracetamol to students. We require parental permission to do this and would ask you to sign below if you are happy for your child to be given paracetamol within recommended guidelines. We will contact you if we feel there is a cause for concern. A record is kept.

3. Photo Consent

Many of you will be aware that a new piece of legislation for data protection has been brought in by the government that came into effect on the 25th May 2018. In response, the school has established and published a new data protection policy, which is available on our website, and a Privacy Notice that details how we use students’ personal data to meet our official responsibilities as a school.

A key part of the new legislation is that a student aged 13 years old or above is deemed capable of providing consent to the processing of their own data. Most of our data processing does not require

consent; however, a specific area where we are required to gather specific consent is the use of photographs. As your son/daughter is under 13 years old, we would ask that you complete details below giving your consent for the use of photos and images.

The use of photos and videos in modern school life are a fantastic way of celebrating student achievements and although no student will be disadvantaged by not providing the consent below we would encourage all parents and carers to provide the consent where they feel they can as it will allow us to maintain the diverse and vibrant way of celebrating individuals and school successes. There are a number of times during a student's time in school that photographs or videos may be taken of individuals or groups of individuals. This ranges from the formal photos used for school records through to sporting events that may be photographed or filmed to celebrate success in the newsletter or online. We use these images and footage as part of our school displays, assemblies, newsletters and sometimes in other printed and online publications including the school website, Facebook page and Twitter account.

Under the General Data Protection Regulations, we are required to ask for consent from parents/carers of all students aged 12 and under for all photos that are not taken to meet our official functions in the public interest. Please could you review the consents below and tick whether you consent or not to each of the photograph/video uses:

- I give consent for my child to be photographed by a professional company and be provided with the opportunity to purchase those photos. (If consent not given, the photo will still be taken but its use will be limited to the school's official functions)
- I give permission for my child's photographs / videos to be used within school for display purposes.
- I give permission for my child's photograph to be used in publications (paper and online) celebrating the work of the school and its students. This could include our website, Facebook, Twitter, Instagram, newspapers and other outlets.
- I give permission for my child's photograph to be used in school marketing material such as prospectuses, website photography and advertising. This will be limited to specifically marketing the school and no third parties but may be used after the individual has left the school

The consent is valid until your child reaches the age of 13. When your child reaches that age, the school will seek the same consent from them, which will override any parental consent given. While your child is 12 years old or under you may withdraw your consent at any time by notifying the school via email to office@thekings.devon.sch.uk or by notifying Student Support.
